

West Bengal Board of Secondary Education Press Note

The Question paper setter, and Moderator both did not mention in their note that Graph paper would be necessary thus it was not despatch along with blank answer scripts for Mathematics examination of Madhyamik Pariksha 2023.

The question concerned is of 04 marks, and around the time examination commenced at 12 noon, all Centre/ Venue incharge and D.I were informed that the computation and drawing are to be done in the answer script itself, and absence of graph paper would not affect evaluation score of examinees.

The Deputy Secretary (Examination), WBBSE has been already asked to submit a report about this matter to me by 04/3/2023.

**Ramanuj Ganguly
President, Ad Hoc Committee
